Families,

Last month, [we advised](#) that two additional portable classrooms were required for Park West School due to increased enrolment. The first portable classroom was arriving on August 30, and the second was scheduled to arrive in the coming weeks.

The first additional portable is ready to go, and the inside classroom space is being set up this week.

There was a delay in moving the second additional portable and it will now be arriving tomorrow night between 12:00 a.m. and 3:00 a.m., (early morning of Wednesday, September 27). The portable classroom will arrive at the school site via a police escort. We are recommending that families living around the school ensure their vehicle is not parked on the road during that time.

As a reminder, once the portable classroom arrives, the space will be refreshed, including adding furniture and technology set up. It should be ready for students to use by late October.

We appreciate your cooperation. Please feel free to share this email with other families in your community.
