

September 6, 2022

Families,

I am writing with a final update on the modular classroom project at **Millwood High**.
As you know, the 12-classroom addition is required to support enrolment growth in the school community.

I am excited to let you know that the new classrooms are bright, safe, and comfortable learning spaces that are ready to welcome students tomorrow!

The installation of siding will take place over the next week. There are a few other finishing touches that will take place in the coming days including the painting of hallways and washrooms. Any work will happen after school hours so there is no disruption to learning.

If you have any questions, I encourage you to reach out to the school principal. You can find all previous updates [here](#).

Wishing you and your family a successful start to the 2022-23 school year.

A handwritten signature in blue ink that reads "K Khanna".
