

May 30, 2024

Families,

I am writing with an update on Eastern Shore Consolidated School, the new Grades 7-12 school in East Chezzetcook that will replace Gaetz Brook Junior High and Eastern Shore District High schools.

We have received a new project status report from the Nova Scotia Department of Public Works. [Click here](#) to view.

The school is still expected to be open and ready for learning in early 2025. [Click here](#) to watch a short video showing the progress!

We will continue to provide you with updates as they become available. You can read more information about the new school on our website [here](#).

Sincerely,

Kavita Khanna P.Eng., MBA  
Director, Operations Services  
Halifax Regional Centre for Education
