

June 18, 2024

Families,

I am writing to share some exciting news with the Herring Cove Junior High school community.

The school will receive some building and property improvements. These include:

- Replacing the final section of roof
- Repairing site drainage issues
- Covering the oil tank in front of the school (already underway)

We are also exploring some potential improvements to landscaping at the front of the school and are investigating upgrades to the school interior and the front façade to increase natural light in the building.

Work is expected to begin this summer and extend into 2025. As we finalize details and timelines for these projects, I want to assure you that most of the work will take place after school hours to minimize any impact on learning.

We appreciate your patience as we make these improvements and will keep you updated as work progresses.

If you have any questions or concerns, please contact HRCE Operations Services at hrceoperations@hrce.ca.

Sincerely,

Kavita Khanna P.Eng., MBA
