

July 30, 2024

Families,

I am pleased to share that Alderney Elementary will receive upgrades to a section of the school's exterior siding and some of its windows will be replaced during the 2024-25 school year.

Work on these projects has started and will continue in the fall. Please be assured that once school begins, most of the work will take place after hours to minimize any impact on learning.

We appreciate your patience and will keep you updated as work progresses.

If you have any questions or concerns, please contact HRCE Operations Services at hrceoperations@hrce.ca.

Sincerely,

Geoffrey Olsson
Coordinator, Property Services - Maintenance
Halifax Regional Centre for Education
