

July 30, 2024

Families,

I am pleased to share that Dutch Settlement Elementary will receive upgrades to a section of the school's exterior siding and some of its windows will be replaced.

Work on these projects has started and is expected to be completed in the summer. Please be assured that once school begins, the majority of any remaining work will take place after hours to minimize any impact on learning.

We appreciate your patience and will keep you updated as work progresses.

If you have any questions or concerns, please contact HRCE Operations Services at hrceoperations@hrce.ca.

Sincerely,

A handwritten signature in grey ink that reads "G Olsson".
