

September 23, 2024

Families,

Student enrolment throughout the Halifax Regional Centre for Education (HRCE) continues to grow each year. This is especially true at Bedford South School.

I am writing to let you know that one portable classroom will be required at Bedford South for the 2024-25 school year to help create more learning space. The portable will be a safe and welcoming environment, ready to accommodate students and staff later this fall. Your principal will work with school staff to determine how to best use the new portable classroom.

Site work is expected to begin this week and the portable will arrive on school grounds by the end of the month. Once in place, any repair work required will be completed and we will ensure there is safe access and clear paths to the main school building. Most of the work will take place after school hours to minimize any impact on learning.

If you have any questions, please reach out to your principal or contact HRCE's Operations Services team at hrceoperations@hrce.ca.

Sincerely,

Geoffrey Olsson
Coordinator, Property Services – Maintenance
Halifax Regional Centre for Education
