

January 29, 2026

Families,

Student enrolment across the Halifax Regional Centre for Education (HRCE) continues to grow, and portable classrooms are one of the ways we create flexible learning space while supporting safe, welcoming school environments.

At LeMarchant-St. Thomas Elementary, the existing portable classroom will be replaced with a new, larger portable unit. This unit will include two classrooms connected by a hallway.

What this means

- Preparations to move the current portable will take place this weekend and it is expected to be relocated next week.
- During this time, the class currently using the portable will be temporarily moved into the main school building.
- The area where the new portable will be placed will be fenced off for safety while work is underway.
- Once the new portable is ready, LeMarchant will regain the existing classroom space that is currently housed in the portable.

Your Principal has been involved in planning and will share additional school-specific information as needed.

We'll provide appropriate updates as necessary. If you have any questions, please contact HRCE's Operations Services Team at hrceoperations@hrce.ca.

Sincerely,

Kavita Khanna P.Eng., MBA
Director, Operations Services
Halifax Regional Centre for Education
