

January 29, 2026

Families,

Student enrolment across the Halifax Regional Centre for Education (HRCE) continues to grow, and portable classrooms help ensure schools have the space needed to support student learning.

Oxford School will be receiving a portable classroom for additional learning space.

What this means

- The project is expected to start in the coming week.
- The installation area will be fenced off for safety while work is underway.
- The portable will be available for use beginning in the 2026–27 school year.

Your Principal has been involved in planning and will share additional school-specific information as needed.

If anything changes, we'll let you know. If you have any questions, please contact HRCE's Operations Services Team at hrceoperations@hrce.ca.

Sincerely,

Kavita Khanna P.Eng., MBA
Director, Operations Services
Halifax Regional Centre for Education
